Draw Control

Ticket Fulfillment and Draw Control by Deloitte LLP.

Prize draws follow a strict set of procedures, with draw control oversight by the professional services firm of Deloitte LLP and under licensing approval by the licensing body (AGCO).

All draws, with the exception of those made on television, will be made using Random Number Generator software (RNG) under the supervision of Deloitte LLP. Winning ticket numbers are eligible for all subsequent prize draws.

The top five (5) valued Home Lottery prize draws will be made by hand, using numbered printed tokens in a draw drum receptacle and broadcast live on CP24 on the applicable draw date.

The numbered tokens correspond to each ticket holder represented in the ticket holder database. This is in lieu of a ticket stub and serves the same purpose.

Each prize draw will select one (1) winner and that winning token is selected from the draw drum at random. Winning ticket numbers are eligible for all subsequent draws.

In the instance where multiple tokens are inadvertently selected from the draw drum, and this is identified prior to the read in of the token number, Deloitte LLP will halt the draw immediately, tokens will be returned to the drum and the draw procedure will be performed to determine one (1) winner.

In the event that multiple tokens are inadvertently pulled from the draw drum, and this is not identified prior to the identifying and reading of the token number, the token number read aloud, confirmed and recorded is deemed to be the first token pulled and therefore established as the valid winner.

All draws, with the exception of those to be made on television will take place between approx. 8:00 am and 5:00 pm at the offices of Deloitte LLP, Bay Adelaide East, 8 Adelaide Street West, Suite 200. Toronto ON M5H 0A9.

The records of Deloitte LLP shall be deemed correct and final.
